

## Market-leading Driver CPC

Since the introduction of Driver CPC in 2009, the combined network of The National Logistics Academy has delivered training to some 150,000 drivers (circa 5% of the UK market), making us a clear market leader.

### A unique learning experience

We have adopted a totally unique approach to delivering Driver CPC based on facilitated learning that is led by the drivers themselves. This achieves enhanced participation, interaction, understanding and learning.

The courses are focused on “a day in the life of a professional LGV driver”. We have dispensed with boring slide shows and instead use a series of videos, activities, tasks and quizzes.

Each course is structured around a typical driver’s day: depot activities, deliveries, collections and end of shift de-brief. Our facilitator outlines a scenario and steers the drivers to draw on their personal knowledge and experiences as a professional LGV driver to identify and reflect on the issues presented.

When we are teaching experienced drivers we want to make sure that they all learn something new and leave the course feeling that they had gained some real professional benefit from attending.

We also offer Driver CPC courses for new and returning drivers that are more knowledge-based and can be linked to a BTEC qualification.

Where a driver needs an ADR qualification we can deliver this as a JAUPT approved course.

### National delivery

Driver CPC is delivered at centres throughout the UK by members of The National Logistics Academy.

### Our unique JAUPT approved Driver CPC periodic training comprises the following 7-hour courses:

- Drivers' hours and tachographs
- Safe loading and manual handling
- Safe and fuel-efficient driving
- Vulnerable road users
- Delivering outstanding customer service
- Emergency First-Aid at work (HABC accredited)

### We also offer:

- ADR initial (21 hours)
- ADR refresher (7 hours)
- Tanker awareness (7 hours)
- Principles of Carrying and Delivering Goods by Road – BTEC Level 1 Award (21 hours)
- Safe Urban Driving – FORS (7 hours)
